Filed: September 23, 2003 : UNDER 37 CFR 1.47(b)  
For: LOW COST FUEL PUMP AND FILTER :  
ASSEMBLY :

This is in response to the "Request for Reconsideration of  
Petition Under 37 CFR 1.47(b)," filed March 23, 2005.

The petition is granted.

Petitioner has shown that the non-signing inventor has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the declaration of Nelson D. Nolte, and the email from Seth Harbuck, establish that the inventor was mailed the application papers, including the specification, claims and drawings, but refused the request that he sign the declaration. In addition, petitioner has shown that PCRC Products (PCRC) has a proprietary interest in the above-identified application with the copy of the assignment document. The petition fee has been paid. Lastly, petitioner has submitted a declaration in compliance with 37 CFR 1.63 and 1.64 and demonstrated that petitioner has shown that such action is necessary to prevent irreparable damage.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(b), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

The application will be forwarded to the Office of Initial Patent Examination for further processing.
